

3. License program 2:

Take age, name and location as i/p from user.

If age > 18, take license. But if person's name is Kunal... NO license

If age < 18, NO license. But if user lives in Mumbai.. take license.

If age == 18, after 2 months. But for Rohan.. take license.

age = 17. Print "NO licence"

age = 18. Print: License after 2 month

age = 23. Print Take license.

```
int age = sc.nextInt();
```

```
if (age < 18) {
```

```
    System.out.println("NO licence");
```

```
} else if (age == 18) {
```

```
    System.out.println("License after 2 month");
```

```
} else {
```

```
    System.out.println("Take license");
```

```
}
```
