

Q: Infinite license.

```
Scanner sc = new Scanner(System.in);    Resource leak: 'sc' is n

while (true) {
    String name = sc.next();
    int age = sc.nextInt();

    if (age < 18 && name.equals(anObject: "Kunal")) {
        continue;
    } else if (name.equals(anObject: "Kunal")) {
        System.out.println(x: "We stopped providing license.");
        break;
    } else if (age < 18) {
        System.out.println(x: "No license");
    } else {
        System.out.println(x: "Take license");
    }
}
```
